

Dear Admission Committee,

My name is Zhijie Huang, and I am pleased to apply for the Master of Economics program at University of Chicago.

In my free time, I enjoy reading top-tier academic research to stay updated with the latest advancements in Economics. I occasionally study articles from leading ABS 4+ rated journals such as American Economic Review, Annals of Statistics, Econometrica, among others. This habit not only deepens my understanding of theoretical and empirical approaches in finance but also sharpens my ability to critically analyze complex economic phenomena.

I want to be a financial analyst. To achieve my dream, I have practical skills such as Python, SQL, Wind, Bloomberg, Machine learning and etc.

I am particularly drawn to University of Chicago due to its strong academic environment and research-oriented approach.

Thank you for considering my application. I am eager to contribute to and benefit from the rigorous academic culture at University of Chicago.

Sincerely,

Zhijie Huang
