

Dear Admission Committee,

My name is Wenxin Hao, and I am pleased to apply for the Master of Economics program at University of California-Berkeley.

In my free time, I enjoy reading top-tier academic research to stay updated with the latest advancements in Economics. I occasionally study articles from leading ABS 4+ rated journals such as American Economic Review, Annals of Statistics, and Econometrica, among others. This habit not only deepens my understanding of theoretical and empirical approaches in finance but also sharpens my ability to critically analyze complex economic phenomena.

I want to be a Front Office Business Analyst/Project Manager. To achieve my dream, I have practical skills such as Plotly, PowerBI, Math, Python, Tableau and etc.

I am particularly drawn to University of California-Berkeley due to its strong academic environment and research-oriented approach.

Thank you for considering my application. I am eager to contribute to and benefit from the rigorous academic culture at University of California-Berkeley.

Sincerely,

Wenxin Hao
