

Dear Admission Committee,

My name is Ni Wei, and I am writing with great enthusiasm to apply for the Master of Economics program at Boston College.

In my spare time, I maintain a consistent habit of engaging with top-tier academic research, as this allows me to stay closely aligned with the latest developments and cutting-edge trends in the field of Economics. Specifically, I regularly delve into research articles published in leading ABS 4+ rated journals—including the Review of Econometrica, International Economic Review, and Journal of Econometrics, to name a few. This practice has not only deepened my grasp of both theoretical frameworks and empirical methodologies in Economics but also honed my ability to critically examine and analyze complex phenomena from a rigorous perspective.

My long-term career goal is to become a policy analyst. To achieve my dream, I have practical skills such as economic modeling, micro and macroeconomic theory and etc.

Boston College stands out to me as an ideal institution for pursuing my graduate studies, primarily due to its renowned strong academic atmosphere and its emphasis on a research-driven educational philosophy.

Thank you sincerely for taking the time to review my application. I am eager to contribute to and benefit from the rigorous academic culture at Boston College.

Sincerely,

Ni Wei
