

Dear Admission Committee,

My name is Puwen Sun, and I am honored to apply for the Master's program in Finance at Harvard University.

In my spare time, I enjoy exploring leading academic literature to stay informed about the most recent developments in finance. I often read articles from top journals such as Journal of Finance, Journal of Financial Economics, and Review of Financial Studies, among others. This habit not only broadens my theoretical and empirical understanding of finance but also enhances my ability to critically evaluate complex economic issues.

My long-term goal is to become a financial analyst. To pursue this ambition, I have developed a solid foundation of practical skills, including Python, SQL, Tableau and financial modeling.

I am particularly attracted to Harvard University for its strong academic reputation and its commitment to research excellence.

Thank you very much for considering my application. I look forward to contributing to—and learning from—the vibrant academic community at Harvard University.

Sincerely,
Puwen Sun
